£450,000 Offers Over | Bedrooms 4 Bathrooms 2

A beautifully presented and energy-efficient four-bedroom family home, with full width extension to kitchen, offering generous and versatile accommodation arranged over two floors, extending to approximately 1,464 sq. ft. The property combines contemporary open-plan living with well-proportioned bedrooms and a number of impressive energy-saving features, making it an ideal home for modern family life.

A particular highlight is the impressive A-rated EPC, reflecting the property's excellent energy efficiency. Further enhancing its credentials are the installation of Tesla powered solar panels and an air source heat pump, providing an environmentally conscious and potentially more economical approach to heating and energy consumption.

A separate, generously proportioned living room offers an additional reception space, ideal for relaxing and entertaining. There is also a useful utility/laundry room, helping to keep the main living areas organised and clutter-free.

A further benefit is the garage conversion, which has been thoughtfully adapted to create a versatile additional room, complete with air conditioning.

To the first floor, the property continues to impress with four well-proportioned bedrooms. The principal bedroom benefits from its own en-suite facilities, while the remaining bedrooms are served by a separate family bathroom.
