

Castlebar Hill, Ealing, W5

We are delighted to unveil one of the most anticipated new developments to come to Ealing. Situated on the prestigious Castlebar Hill, this exceptional collection of contemporary homes has been thoughtfully designed to offer elegant architecture, high-specification interiors and an enviable West London lifestyle. There are also prominent energy efficient features such as an electric charging point, solar panels and a wet underfloor heating system, as well as high-specification insulation.

This exceptional three bedroom, three bathroom residence has been thoughtfully designed to combine contemporary style with practical family living. Finished to an exquisite standard throughout, the property offers bright and spacious accommodation arranged over three floors, featuring an impressive open plan kitchen, dining and living space, ideal for both everyday living and entertaining.

The luxurious bedrooms all benefit from beautifully appointed en-suite bathrooms. The property also features a large utility room, underfloor heating throughout, solar panels and Electric Vehicle charging points. High quality finishes, energy efficient construction and carefully considered design details create a home that is both elegant and functional.
