THE DETAIL

The Detail

The property is approached via a useful porch with a recently installed composite front door, providing space for coats and shoes alongside a small storage cupboard. A beautiful original wooden door with stained glass detailing and matching stained glass windows either side then opens into the welcoming hallway. The generous entrance has a spindled staircase, useful under-stairs storage and access to a downstairs WC.

The lounge is a particularly spacious reception room, featuring a large bay window, modern electric fire, built-in cupboards either side of the chimney breast, decorative coving and a high dado rail. The separate dining room provides an excellent family entertaining space, centred around the chimney breast and feature fireplace with electric fire. Original wooden doors with leaded glass open directly onto the patio, creating a pleasant connection with the garden.

To the rear, the kitchen features black tiled flooring, integrated fridge freezer, double oven, five-ring gas hob and dishwasher, together with a useful pantry. A step down leads into the breakfast room, which offers space for a dining table and has patio doors opening onto the garden. A utility cupboard houses the washing machine and tumble dryer.

Upstairs, the large open landing features a characterful patterned leaded window. The principal bedroom is a generous double with a bay window, numerous fitted wardrobes and a fitted dressing table. Bedrooms two and three are also good-sized doubles, both overlooking the garden. A separate WC serves the bedrooms, while the modern bathroom features white tiling, vinyl flooring, a wash basin set onto fitted storage, bath with mains-fed shower, spotlights and additional storage housing the Baxi combi boiler.

Outside, the driveway runs alongside the property to the single garage, with gated access into the garden and a separate front garden. The large rear garden is well established and predominantly lawned, with two substantial fir trees, apple and cherry blossom trees, a further small apple tree, raised beds and a shed. There is plenty of space for gardening and growing vegetables, together with a patio directly outside the dining room. Security lights are positioned to both the front and rear, with an alarm system providing additional security.

Littleover is a popular residential area offering a good range of everyday amenities, including shops, cafés, restaurants, pubs and local services, while excellent schooling and leisure facilities are available within the surrounding area. The location provides convenient access towards Derby city centre and the wider road network, making it well placed for commuters, families and those wanting a well-connected suburban setting. The combination of established surroundings, local amenities and convenient transport links makes this a highly appealing location for a family home.
