The property is AN ATTRACTIVE SEMI DETACHED CHARACTER HOUSE situated on the South side of the village within 1/2 mile of the High Street and within the Howard of Effingham school catchment. The house enjoys a superb south facing aspect to the rear with views over adjacent National Trust countryside and the rear garden extends to approximately 135 ft. The accommodation is both light and deceptively spacious having been extended on the ground floor and there is still potential to extend, if desired, subject to the usual planning consents. Occupying a delightful position with large garden properties in this situation rarely come onto the market and therefore an early inspection is strongly recommended to avoid disappointment.
