- Beautifully Presented Throughout
- Five Bedrooms (Two with En-suite Facilities)

A beautifully presented and comprehensively upgraded five-bedroom modern executive detached family home, occupying a highly favourable position overlooking a green within the popular village of Cotford St Luke. Believed to have been constructed circa 2000 by Messrs Westbury Homes, this impressive property has been thoughtfully improved over recent years and now offers spacious and versatile family accommodation, complemented by an integral double garage, generous driveway parking and a landscaped rear garden. Notable improvements include a comprehensively refitted kitchen in April 2026, refitted utility room, two refitted en-suite shower rooms and family bathroom, together with a new gas boiler installed within the last two years. Further benefits include uPVC double glazing and mains gas central heating.

Accommodation
A front door opens into a wide and welcoming entrance hall, with doors leading to all principal ground-floor rooms, with the exception of the utility room.

The generous living room is positioned to the rear of the property and enjoys an attractive outlook over the garden. French doors provide direct access onto the rear patio and garden, creating a lovely connection between the indoor and outdoor living spaces. Double-panel glazed doors lead from the entrance hall into the separate dining room, which benefits from front-aspect windows and provides an excellent space for formal dining and entertaining. Opposite the dining room is a useful study, ideally suited to those working from home or requiring a dedicated office or hobby space. The kitchen has been comprehensively refitted in April 2026 and provides an impressive contemporary heart to the home. It comprises a stylish range of matching wall and base units, complementary work surfaces with upstands, integrated double oven, gas hob with extractor over, integrated fridge/freezer and dishwasher. There is ample room for a dining table, together with access to the outside. A separate utility room houses the wall-mounted Vaillant gas boiler and provides space and plumbing for a washing machine and tumble dryer, together with a further door giving access to outside. A refitted cloakroom completes the ground-floor accommodation.

First Floor
The first floor provides five bedrooms, making this an ideal home for a growing

family. Bedroom one is a particularly generous principal bedroom and benefits from large built-in wardrobes together with a refitted en-suite shower room. Bedroom two also benefits from its own refitted en-suite facilities. The remaining three bedrooms provide excellent flexibility and could be utilised as children's bedrooms, guest accommodation or additional home-working/hobby space. A refitted family bathroom completes the first-floor accommodation and features a Jacuzzi bath.

Outside
To the front of the property is a double-width tarmac driveway, providing excellent off-road parking and leading to the integral double garage. The integral double garage benefits from two separate up-and-over doors, together with power and lighting, and provides useful storage and parking facilities. The rear garden is fully enclosed and attractively landscaped, offering a combination of shaped paved patio and lawned areas. The garden provides an excellent setting for outdoor dining, entertaining and family recreation, while also incorporating a timber shed and outside tap.
