THE DWELLING

Situated within the highly regarded village of Thornford, this attractive property has been sympathically enhanced by the current owners to create an elegant and practical residence. The property combines contemporary open-plan living with charming character features, all set within beautifully maintained gardens and enjoying the benefit of a detached garage and ample private parking.

ACCOMMODATION

To the front of the property, the living room is an inviting reception space, beautifully centred around a multi-fuel stove, creating a natural focal point for the room. A bay window draws in natural light whilst providing an attractive outlook over the enclosed front garden.

To the rear, the property opens into a superb kitchen and dining room, thoughtfully extended by the current owners to create an exceptional everyday living and entertaining space. French doors open directly onto the garden, seamlessly connecting the indoors with the outside, whilst an electrically operated Velux rooflight floods the room with additional natural light.

The kitchen has been designed around a substantial central island, providing both preparation space and informal seating. Complemented by an extensive range of cabinetry, the kitchen also benefits from a comprehensive selection of integrated appliances, creating a practical yet highly sociable environment. An understairs cupboard is currently arranged as a pantry and provides excellent additional storage.

The first-floor landing provides access to two well-proportioned bedrooms, both benefiting from fitted wardrobes. These are served by a well-appointed family bathroom.

GARDEN

The gardens have been thoughtfully landscaped to create an attractive and private outdoor setting. Mature flower and shrub borders frame a central lawn, whilst a paved terrace at the rear provides an ideal space for outdoor dining and entertaining.

A pathway runs alongside the lawn leading to the rear seating area and provides pedestrian access to the detached garage. A further side gate offers convenient access to the front of the property.

The front garden is enclosed by mature hedging, creating an attractive approach and a good degree of privacy.

The detached garage is currently utilised as a workshop and storage facility, whilst also accommodating white goods, making it a highly versatile addition to the property.

To the front of the garage is generous private parking for several vehicles.
