Walking 30 seconds and being transported from the vibrant and busy Church Road, to the quiet oasis of the house. It's remarkable! I also love the sun trap garden. As a complete rarity, it is almost entirely not overlooked, despite being a terrace. This is thanks to high enough garden walls and having no back door neighbours and lots of planting around. I can sit very peacefully in the garden all day with my olive tree in the background; I really feel like I'm in the Mediterranean!
