Outside

To the front of the property is a concrete driveway providing off-road parking for two vehicles, together with a raised bark and stone frontage. Gated side access leads to a covered area currently used as a children's play space, featuring artificial turf, along with a useful external storage area, but has the potential to be utilised as further parking dependant on your requirements. The main garden provides an excellent outdoor space, with a pebbled patio, raised stone-edged beds with established shrubs, two tiers of lawn and a further pebbled patio area, providing plenty of options for seating and entertaining. The southeast-facing garden enjoys a good aspect, while an outside tap is also provided. UPVC double doors provide convenient access between the garden and the kitchen/dining area.
