PRIVATE GARDEN | GATED DEVELOPMENT | GARAGE | OFF-ROAD PARKING |
TWO BEDROOMS | CLOSE TO ST DENYS STATION

Lets Rent & Lets Sell Southampton are pleased to offer this well-presented two-bedroom apartment, set within an attractive gated development in a convenient Southampton location.

A real standout feature of this property is the private rear garden, with this apartment being the only property within the development to benefit from its own private outdoor space.

Internally, the property offers a good-sized living room, a separate fitted kitchen, one well-proportioned double bedroom, a further single bedroom and a family bathroom.

PRIVATE GARDEN | GATED DEVELOPMENT | GARAGE | OFF-ROAD PARKING | TWO BEDROOMS | CLOSE TO ST DENYS STATION AVAILABLE OCT2026

Lets Rent & Lets Sell Southampton are pleased to offer this **well-presented two-bedroom apartment**, set within an attractive **gated development** in a convenient Southampton location.

A real standout feature of this property is the **private rear garden**, with this apartment being the only property within the development to benefit from its own private outdoor space.

Internally, the property offers a good-sized living room, a **separate fitted kitchen**, one well-proportioned **double bedroom**, a further **single bedroom** and a family bathroom.

The property also benefits from a **private garage and off-road parking for one vehicle**, providing excellent additional storage and parking.

Ideally located for commuters, **St Denys train station is approximately a 7-minute walk away**, with easy access into Southampton city centre and further afield. A range of local shops, amenities and green spaces are also within easy reach.

Key Features:

- Two-bedroom apartment
- Private rear garden
- Secure gated development
- Garage
- Off-road parking for one vehicle
- Separate kitchen
- Double bedroom and single bedroom
- Family bathroom
- Approx. 7-minute walk to St Denys train station
- Convenient access to Southampton city centre

Early viewing is highly recommended.

Holding Deposit: £276.00

5 Week Deposit: £1,384.00

EPC Rating: C

Council Tax Band: B

Broadband & Mobile: Prospective tenants should check broadband speeds, availability and mobile signal coverage directly with their preferred provider and via the Ofcom broadband and mobile coverage checker before entering into a tenancy.

Energy performance certificate (EPC)

5 Cobden Marine Court Pettinger Gardens SOUTHAMPTON SO17 2WL	Energy rating C	Valid until: 23 March 2036
		Certificate number: 9033-3060-8207-9526-2204

Property type

Ground-floor flat

Total floor area

39 square metres

Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions \(https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance\)](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

This property's energy rating is C. It has the potential to be C.

[See how to improve this property's energy efficiency.](#)

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D
the average energy score is 60

Score	Energy rating	Current	Potential
92+	A		
81-91	B		
69-80	C	71 C	74 C
55-68	D		
39-54	E		
21-38	F		
1-20	G		

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Cavity wall, as built, insulated (assumed)	Good
Wall	Solid brick, as built, insulated (assumed)	Good
Window	Fully double glazed	Poor
Main heating	Boiler and radiators, mains gas	Good
Main heating control	Programmer, room thermostat and TRVs	Good
Hot water	From main system	Good
Lighting	Excellent lighting efficiency	Very good
Roof	(another dwelling above)	N/A
Floor	Solid, no insulation (assumed)	N/A
Air tightness	(not tested)	N/A
Secondary heating	None	N/A

Primary energy use

The primary energy use for this property per year is 196 kilowatt hours per square metre (kWh/m²).

Smart meters

This property had **smart meters for gas and electricity** when it was assessed.

Smart meters help you understand your energy use and how you could save money. They may help you access better energy deals.

[Find out about using your smart meter \(https://www.smartenergygb.org/using-your-smart-meter\)](https://www.smartenergygb.org/using-your-smart-meter)

How this affects your energy bills

An average household would need to spend **£600 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £61 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2026** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Heating this property

Estimated energy needed in this property is:

- 3,671 kWh per year for heating
 - 1,942 kWh per year for hot water
-

Impact on the environment

This property's environmental impact rating is C. It has the potential to be C.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year.

Carbon emissions

An average household produces 6 tonnes of CO2

This property produces 1.4 tonnes of CO2

This property's potential production 1.2 tonnes of CO2

You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

Steps you could take to save energy

Step	Typical installation cost	Typical yearly saving
1. Floor insulation (solid floor)	£5,000 - £10,000	£61
