Pierres Place

Glebe Farm, MK17 8GF

Glebe Farm is a popular residential area of Milton Keynes, well placed for a range of local amenities, schools and open spaces, making it an attractive setting for families. The wider Milton Keynes area provides an extensive choice of shopping, leisure and dining facilities, while convenient road links, including the M1 and A5, make the property well suited to commuters.

Offered for sale with no onward chain and ideally suited to growing families seeking additional space to work, relax and entertain, the property combines generous living areas with well-proportioned bedrooms and a practical layout.

The ground floor begins with a welcoming entrance hall, providing access to a useful cloakroom, a separate study and the principal living accommodation. The lounge is a particularly appealing reception space, with French doors opening onto the rear garden and allowing for a natural connection between indoor and outdoor living. The fitted kitchen offers a range of wall and base units, integrated appliances and ample preparation space, with a separate dining area providing an ideal setting for family meals and entertaining, alongside further French doors leading out to the garden.

The first floor is arranged around a central landing and offers three bedrooms, including an impressive principal bedroom suite with a dedicated dressing area and en-suite shower room. Two further bedrooms provide flexibility for children, guests or additional workspace, while a well-appointed family bathroom completes this floor. Stairs rise to the second floor, where two substantial additional bedrooms offer excellent versatility and are complimented by bespoke built in wardrobes, whether required for older children, visiting family or those seeking further space for hobbies and home working. A separate shower room serves this level, making the arrangement particularly practical for larger households.

Externally, the property benefits from a front garden, while the rear garden offers a combination of lawn and patio seating areas, providing space for outdoor dining, entertaining and relaxation. The garden also offers access to the double garage, with driveway parking to the front for two vehicles.
